The logo is circular with a blue outer ring containing the text "SOLARIMPULSE" at the top and "EFFICIENT SOLUTION" at the bottom in white capital letters. Inside this ring is a white circle containing a stylized world map in blue. Below the map, the word "LABEL" is written in blue capital letters.

> Solutions Guide for Cities

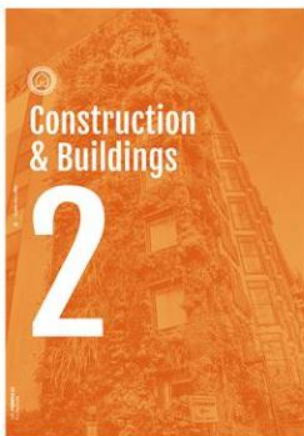

Helping decision makers implement Efficient Solutions in cities through four steps:

- Prioritize sectors for sustainable efforts in urban territories.
- Identify the Solutions to use in each industry sector.
- Get inspired through real-life cleantech implementation case studies.
- Explore best practices to lift adoption barriers in financing, public engagement, partnerships etc.

> Identifying Opportunities, Challenges & Solutions

To take actions across five themes, from optimizing and upgrading current assets to changing the paradigm with zero-emission technologies.

Energy

Buildings

Mobility

Waste

Infrastructure

> Best-practices: From Vision to Solutions Adoption

Create a favorable cleantech adoption environment by implementing best-practices. With the support of recognized organizations.
