Med to elektriske gravemaskiner i full sving i Sjøgata tar Bypakke Bodø og Bodø kommune et viktig steg mot en grønnere framtid.

– Vi er stolte av at Bypakke Bodø er først ut i Nord-Norge med utslippsfrie anleggsmaskiner, sier ordfører Ida Pinnerød.

Session 2: How to align circular procurement with organisational ambitions?

Find two other people that **you don't know, or aren't from your organisation** (not the same people that you spoke to during the first session). In pairs or trios discuss the following questions:

- *What have you learned from Bodø's and RWS' experiences that you can use within your own organisation?*
- *What else can you do to align circular procurement with organisational ambitions?*
- *What steps will you take to align circular procurement principles with your organisation's ambitions?*

Share the key insights and takeaways from your conversation with other participants **via the Slido**. We will discuss these during the plenary session.
